Description

GROHE is introducing a new kitchen mixer, Alira. It will be in authentic stainless steel finish. The Alira will be ready for order and dispatch on Jan. 1, 2003. It will be officially launched at the ISH fair at Frankfurt in March 2003.

Features

1. Stainless steel (SD0) surface.
2. Two designs available: with swivel spout (Product no: 32.997.SD0) and with extractable handspray (32.998.SD0)
3. Delivery in four colour packaging.

Benefits

1. Ergonomic lever handle with extended profile
2. Easy one-finger control of lever even with wet hands.
3. Steel surface fits the image of a truly "professional" & luxurious kitchen.
